Burson Real Estate School Opens Virtual Doors

LaBelle, Fla., October 29, 2009 – Burson Real Estate School, LLC opens their virtual doors to the state of Florida. The company is a full service online school offering a variety of courses for new and renewing agents. Instructor, Fred Burson, a licensed Real Estate Broker, has 30 years of experience in the industry. When asked why he would open a new company in such a down economy, Burson says “I have had my instructors license for years and with online classes becoming such a trend, it only seemed rational to combine the two.” For more information about Burson Real Estate School, please visit www.BursonRealEstateSchool.com or call (863) 674-1234.
